

AERIAL WORK PLATFORMS

**JLG**

**MODEL**

**SERIE E450**

The JLG E450 Series is an industry-leading electric articulating boom lift designed for maximum efficiency and environmentally conscious operation. It is the go-to solution for indoor construction and facility maintenance where space is tight and zero emissions are required.

## SPEC SHEET

Max Working Height:	51 ft 7 in	Length - Stowed:	21 ft 2 in
Platform Height:	45 ft	Overall Width:	5 ft 9 in
Max Horizontal:	23 ft 9 in	Wheelbase:	6 ft 7 in
Up & Over Clearance:	25 ft 3 in	Ground Clearance:	8 in
Platform Capacity:	500 lb	Power Source:	Electric (48V DC)
Platform Length:	30 in	Gradeability:	30%
Platform Width:	60 in	Drive Speed:	3.2 mph
Height - Stowed:	6 ft 7 in	Turning Radius (Outside):	10 ft 4 in
