

MINI EXCAVATOR

MODEL

E85

The Bobcat E85 Compact Excavator is a powerhouse in the 8-ton class, designed to bridge the gap between compact agility and heavy-duty production. As a Reduced Tail Swing machine, it provides exceptional lifting stability and massive digging force while maintaining a compact footprint that allows it to work in tighter spaces than conventional large excavators.

SPEC SHEET

Engine Model:	Bobcat 2.4L Tier 4	Max Dump Height:	16.5 ft
Fuel Type:	Diesel	Bucket Digging Force:	16,269 lbf
Horsepower:	65.9 hp	Arm Digging Force:	8,249 lbf
Turbocharged Engine:	Yes	Pump Capacity:	39.9 gal/min
Rated Speed:	2,100	Auxiliary Std Flow:	25.1 gal/min
Operating Weight:	18,977 lbs	System Relief Pressure:	4,206 psi
Tail Swing Type:	Reduced Tail Swing	Fuel Tank:	29.1 gal
Travel Speed (Low/High):	1.8 / 2.9 mph	Hydraulic Tank:	21.0 gal
Ground Pressure:	5.6 psi	Transport Width:	86.6 in
Drawbar Pull:	14,841 lbf	Transport Height:	103.9 in
Max Digging Depth:	15.5 ft	Transport Length:	242.8 in
Max Digging Depth:	15.5 ft		
Max Reach (Ground Level):	23.9ft
