

MINI EXCAVATOR

**WACKER
NEUSON**

MODEL

EZ38

The Wacker Neuson EZ38 Compact Excavator is a state-of-the-art machine designed for maximum productivity in confined urban spaces. As a Zero Tail Swing (EZ) model, its rear counterweight never overhangs the tracks, allowing operators to work safely alongside walls, traffic, or obstacles without the risk of rear-end collisions.

SPEC SHEET

Engine Make/Model:	Yanmar 3TNV88	Max Dumping Height:	11.3 ft
Engine Type:	3-Cylinder Diesel	Bucket Digging Force:	7,239 lbf
Net Power:	24.4 hp	Breakout Force (Arm):	3,462 lbf
Displacement:	100.2 cu in	Fuel Tank:	11.6 gal
Emissions Tier:	Tier 4 Final	Hydraulic Tank:	9.2 gal
Operating Weight:	8,228 - 9,890 lbs	Transport Width:	68.5 in
Travel Speed - High:	2.9 mph	Transport Height:	98.5 in
Max Gradeability:	30°	Transport Length:	188 in
VDS Tilt (Optional):	Up to 15°		
Max Digging Depth (Long arm):	11.1 ft		
Max Reach (Ground level):	17.2 ft
