

SOIL COMPACTION

**WACKER
NEUSON**

MODEL

WP 1550AW

The Wacker Neuson WP 1550AW is the industry-standard single-direction vibratory plate compactor, preferred by professionals for asphalt paving and mixed soil compaction. Featuring a high-strength ductile iron baseplate with tapered edges, it delivers a flawless, mark-free finish on all surfaces.

SPEC SHEET

Operating Weight:	194 lbs	Gradeability:	30%
Base Plate Width:	19.7 in	Engine Make & Model:	Honda GX160
Base Plate Length:	23 in	Engine Type:	4 Cycle
Operating Height:	28 in	Power Rating:	3.6 kw
Base Plate Thickness:	0.4 in	Fuel Consumption:	0.8 L/h
Centrifugal Force:	15 kn	Tank Capacity:	3.6 L
Vibration Frequency:	97 Hz		
Max. Forward Travel:	29 m/min		
Surface Capacity:	870 m ² /h
